1. RECIPIENTS OF THE PLAN

The Plan is reserved for the managers of the Technogym Group who will be identified by name by the Board of Directors, upon proposal of the Chairman of the Board and after hearing the opinion of the Appointments and Remuneration Committee, among the employees and/or contractors of the Company and/or its Subsidiaries that hold managerial positions considered to be strategically significant or, in any case, capable of providing a significant contribution towards the achievement of the strategic objectives of the Company and/or the Group, including the Company's Key Managers.

Pursuant to art. 114-bis, paragraph 3 of the TUF and art. 84-bis, paragraph 2 of the Issuers' Regulations, the Plan is to be considered as a "*scheme of major significance*", as the Beneficiaries to be identified by the Board of Directors can also include Key Managers of the Group.

1.1 Specification of the names of the recipients who are members of the Board of Directors or of the management board of the issuer of financial instruments, of the companies that control the issuer and the companies controlled by the latter, either directly or indirectly.

At the date this Information Document was prepared, the names of the Significant Parties who will be assigned the Right to receive Shares are not known, as the Board of Directors will identify the names of the Beneficiaries upon mandate by the Shareholders' Meeting.

Therefore, the names of the Significant Parties, among the Beneficiaries, who will be assigned the Right to receive Shares and the other information required under paragraph 1 of Model no. 7 of Annex 3A of the Issuers' Regulations will be provided according to the methods and terms set out in art. 84-bis, paragraph 5, letter a) of the Issuers' Regulations.

1.2 Categories of employees or contractors of the issuer of financial instruments and of the controlling companies or subsidiaries of that issuer.

The Plan is reserved for the managers of the Technogym Group that will be identified by name by the Board of Directors, upon proposal of the Chairman of the Board and after hearing the opinion of the Appointments and Remuneration Committee, among the employees and/or contractors of the Company and/or its Subsidiaries that hold managerial positions considered to be strategically significant or, in any case, capable of providing a significant contribution towards the achievement of the strategic objectives of the Company and/or the Group, including Key Managers of the Company.

As regards the method for identifying the Beneficiaries of the Plan, please refer to paragraph 1.1 above.

1.3 Names of the parties that benefit from the plan included in the groups specified in point 1.3, letters a), b) and c) of Annex 3A, Model no. 7 of the Issuers' Regulations.

The names of the Beneficiaries and the other information required in paragraph 1.3 of Model no. 7 of Annex 3A of the Issuers' Regulations will be provided according to the methods and terms specified in art. 84-bis, paragraph 5, letter a) of the Issuers' Regulations.

As regards the method for identifying the Beneficiaries of the Plan, please refer to paragraph 1.1 above.

1.4 Description and indication of the number of beneficiaries, subdivided by reference to the categories indicated in point 1.4, letters a), b) and c) of Annex 3A, Model no. 7 of the Issuers' Regulations.

The names of the Beneficiaries and the other information required in paragraph 1.4 of Model no. 7 of Annex 3A of the Issuers' Regulations will be provided according to the methods and terms specified in art. 84-bis, paragraph 5, letter a) of the Issuers' Regulations.

As regards the method for identifying the Beneficiaries of the Plan, please refer to paragraph 1.1 above.

2. REASONS FOR ADOPTING THE PLAN

2.1 Objectives to be achieved by allocating the plans.

The adoption of the Plan aims at strengthening the ability of Technogym to withhold key resources and attract people with top skills as well as at aligning the interest of key human resources in the company's performance with that of the shareholders so as to create sustainable value over time.

The Plan covers a three-year horizon, a period that was considered to be the most appropriate to achieve the objectives pursued by the Plan.

2.2 Key variables, including performance indicators considered for the allocation of plans based on financial instruments.

The Right to receive Shares, as set out in the Plan, is subject to the verification by the Board of Directors, at the end of the Vesting Period, of the occurrence of the following conditions:

- (i) that at the Allotment Date, the Relationship of the Beneficiary with the Company or with the relevant Subsidiary is in place and the Beneficiary continues to hold one of the Positions within the Company, the relevant Subsidiary or the Group; and
- (ii) that the Minimum Performance Objective has been achieved.

The number of Shares actually allotted to each Beneficiary at the end of the Vesting Period will be determined by the Board of Directors based on the degree of achievement of the Performance Objectives, provided that the actual number of Shares allotted to each Beneficiary does not exceed 150% of its Basic Number of Shares.

The Performance Objectives will be determined in relation to the levels of the Cumulative Net Profit and the Share Value. The relative weight of the two indicators will be 80% for the 2018-2020 Cumulative Net Profit and 20% for the Target Value of the Share.

The number of Shares that will be actually allotted to each Beneficiary under the terms and conditions of the Regulations will be calculated by the Board of Directors using the following formula:

$$\text{RAL x RAL percentage: VRAT x PROP}$$

where

“RAL” indicates the Beneficiary's gross annual fixed remuneration, excluding the variable part, and referred to the time when the Award of the Right to receive Shares granted.

“RAL percentage” means the percentage that will be determined, for each Beneficiary, at the Award Date by the Board of Directors, upon hearing the Appointments and Remuneration Committee, in pursuing the Company’s interests, taking account, inter alia, of the position held, the remuneration band, the importance of the human resource for the Company’s results, his/her growth potential within the Group and any other element deemed useful or relevant in relation to the objectives of value creation for the Company and the Group reflected in the definition of the Performance Objectives.

“VRAT” means the arithmetic mean of the prices of the listing of Technogym ordinary shares in the month preceding the Approval Date.

“PROP” means the pay-out percentage upon achieving the Performance Objectives verified by the Board of Directors after the end of the Vesting Period and the approval of the IFRS consolidated financial statements of the Group at December 31, 2020, in time to carry out the Award.

This formula reflects what is shown in the following table:

% achievement of Performance Objectives (PO)	PROP
PO < 95%	0
95% ≤ PO ≤ 100%	50% ≤ PROP ≤ 100%
100% < PO < 120%	100% < PROP ≤ 150%
PO > 120%	150%

If the Performance Objectives are achieved:

- i) to an extent equal to 95% (Minimum Performance Objective), each Beneficiary shall be entitled to a PROP equal to 50%;
- ii) between 95% and 100%, each Beneficiary shall be entitled to a PROP that increases according to the line indicated in the following chart, calculated using the linear interpolation method, up to a maximum percentage of 100%;
- iii) between 100% and 120% (Overperformance), each Beneficiary shall be entitled to a PROP that increases according to the line indicated in the figure below, calculated using the linear interpolation method, up to a maximum percentage of 150%;
- iv) more than 120% each Beneficiary shall be entitled to a PROP equal to and never greater than 150%.

If the Minimum Performance Objective is not achieved, the Right to receive Shares shall be considered as lapsed for all intents and purposes. If the Performance Objectives are exceeded by more than 120%, the Beneficiary is entitled to receive an allotment of Actual Shares calculated on the basis of a PROP that will be, in any case, equal to and never greater than 150%.

At the end of the Vesting Period the Board of Directors will verify the existence of the aforesaid conditions, thus establishing the number of Shares to be allotted to each Beneficiary. The delivery of the Shares will take place within the 60th calendar day following the approval of the financial statements

related to the last year of the Vesting Period.

If a Beneficiary:

- (i) is also a Beneficiary of the 2015 Plan and/or a Beneficiary of the 2017 Plan, and
- (ii) at the Date of Allotment of the Shares is still a holder of at least 50% of the Shares allotted to him/her pursuant to the 2015 Plan and/or of the 2017 Plan less any shares disposed of to pay any amounts due under the law for the allotment in question,

the number of Actual Shares shall be increased by 20%.

For the sake of clarity, if the condition in point (ii) above is not met at the Shares' Allotment Date, the number of the Actual Shares of the Beneficiary who is also a Beneficiary of the 2015 Plan and/or of the 2017 Plan shall remain the one resulting from the formula for calculating the NBA of the present Article 8 will not be increased.

Upon allotting the Shares, the Board of Directors have the right to grant the Beneficiary a sum of money equal to the counter value of the product of multiplying the number of shares to which (s)he is entitled in accordance with this Regulation times their value determined in accordance with art. 9 of Presidential Decree 917/1986. If at the Allotment Date the Shares are no longer listed, that value shall be determined by an independent expert appointed by the Company.

2.3 Elements used to determine the amount of the remuneration based on financial instruments, i.e. the criteria for its determination.

The Basic Number of Shares (NBA) will be determined, by reference to each Beneficiary, by the Board

of Directors using the following formula:

$$\text{NBA} = \text{RAL} \times \text{RAL percentage} \times \text{VRAT}$$

where

“RAL” indicates the Beneficiary’s gross annual fixed remuneration, excluding the variable part, referred to the time when the Award of the Right to receive Shares is granted.

“RAL percentage” means the percentage that will be determined, for each Beneficiary, at the Award Date by the Board of Directors, upon hearing the Appointments and Remuneration Committee, in pursuing the Company’s interests, taking account, inter alia, of the position held, the remuneration band, the importance of the human resource for the Company’s results, his/her growth potential within the Group and any other element deemed useful or relevant in relation to the objectives of value creation for the Company and the Group reflected in the definition of the Performance Objectives.

“VRAT” means the arithmetic mean of the prices of the listing of Technogym ordinary shares in the month preceding the Approval Date.

The accruing of the Right to receive Shares at the end of the Vesting Period will be subject to the condition involving the achievement and verification of the accruing conditions mentioned in paragraph 2.2 above.

2.4 Reasons behind the decision to award remuneration plans based on financial instruments not issued by the issuer, such as financial instruments issued by subsidiaries or parent companies or non-group companies; where the aforesaid instruments are not traded on regulated markets, information on the criteria used to determine the value attributable to them.

The Plan does not envisage the granting of remuneration based on financial instruments other than those issued by the Company.

2.5 Valuations made with regard to significant tax and accounting implications that have affected the definition of the plans.

There are no particular tax and/or accounting issues that have affected the definition of the Plan.

2.6 Any support provided to the plan by the Special Fund for encouraging employees’ participation in corporate ownership, as per art. 4, paragraph 112, of Law no. 350 of December 24, 2003.

The Plan will not receive any support from the Special Fund for encouraging employees’ participation in corporate ownership, as per art. 4, paragraph 112, of Law no. 350 of December 24, 2003.

3. PROCEDURE FOR APPROVING THE ALLOTMENT OF THE SHARES AND RELATED TIMING

3.1 Scope of powers and duties conferred upon the Board of Directors by the Shareholders' Meeting to implement the plan.

The Plan was approved by the Board of Directors on March 28, 2018, upon proposal of the Appointments and Remuneration Committee and will be submitted for approval to the Shareholders' Meeting of the Company pursuant to art. 114-bis of the TUF.

The Ordinary Shareholders' Meeting of Technogym will be requested to grant the Board of Directors - with the express power to sub-delegate - the broadest powers deemed necessary or appropriate to instruct and fully and completely implement the 2018-2020 Performance Shares Plan including, by way of non-comprehensive example, the power to identify the Beneficiaries and the Performance Objectives and to determine the Basic Number of Shares and the percentage of the RAL, on the basis of which the Board of Directors will calculate, at the end of the vesting period, the number of actual Shares - lower or higher than the Basic Number of Shares - to be allotted to each of the Beneficiaries in view of the level of attainment, or of exceedance, of the Performance Objectives, according to the terms and conditions prescribed in the plan and, in any case, in compliance with the maximum number of shares to be allocated to the Plan as determined by the Shareholders' Meeting, to exercise all powers and functions attributed to the Board of Directors by the 2018-2020 Performance Shares Plan and to make the related decisions, prepare and approve the regulations of the Plan and make any necessary or appropriate amendments and/or additions in case of extraordinary transactions involving the Company and/or the Group to maintain unchanged, within the limits allowed by the laws and regulations in force at that time, the substantial and economic content of the 2018-2020 Performance Shares Plan.

The Explanatory Report that contains the resolution proposal is made available according to the terms and modalities prescribed by the law.

In this regard, in accordance with Article 2349 of the Italian Civil Code, the Shares to be allotted to the Beneficiaries of the Plan who are not employees of the Company and/or of its subsidiaries shall derive solely from the purchases of treasury shares carried out in accordance with Articles 2357 and 2357-ter of the Italian Civil Code.

3.2 Indication of the parties in charge of managing the plan, their duties and scope of responsibility.

The body in charge of the decisions concerning the Plan - except for those falling under the responsibility of the Shareholders' Meeting - is the Board of Directors that, in exercising the powers that will be conferred upon it by the Ordinary Shareholders' Meeting in relation to the Plan, can delegate its powers, duties and responsibilities related to the execution, management and administration of the Plan to one or more of its members.

The Appointments and Remuneration Committee will act as advisor and will make proposals in relation to the implementation of the Plan, according to the recommendations of the Corporate Governance Code.

3.3 Existing procedures, if any, for the revision of plans also in relation to possible changes in the basic objectives.

If, during the Vesting Period, a takeover bid or a Change in Control should occur, the Board of Directors, can bring forward the delivery of the Shares under the terms and conditions set out in the Regulations.

Following the occurrence of further events that could affect the Company, the Group, the Performance Objectives or the Plan (including, merely by way of an example, extraordinary operations concerning the Company, regulatory changes, material changes in general economic conditions or international monetary policy) the Board of Directors may make changes to the Plan and the Plan implementation documents (including the Regulations), independently and without the need for further approval by the Shareholders' Meeting of the Company, after hearing the Appointments and Remuneration Committee, all amendments and integrations to the Regulations and/or the Right to receive Shares and/or the Basic Number of Shares deemed necessary and/or appropriate to adjust the Plan, to the extent permitted from time to time by applicable legal regulations, as regards the effects resulting from extraordinary transactions occurred or changed laws or regulations.

3.4 Description of the methods used to determine the availability and assignment of the financial instruments on which the plans are based (e.g. free allocation of shares, share capital increases with exclusion of pre-emptive rights, purchase and sale of treasury shares).

The following may be used in the service of the Plan: (i) both treasury shares to be purchased according to the authorisation under Article 2357 and 2357-ter of the Italian Civil Code, as well as Article 132 of the TUF and related implementing provisions, granted from time to time by the shareholders' meeting; (ii) both shares originating from a capital increase for a maximum amount of 30,000 (thirty thousand/00 Euro) with the issue of no more than 600,000 (six hundred thousand/00) new ordinary shares without indication of nominal value, having the same characteristics as the outstanding shares, entitled to regular dividends, and an issue value equal to the accounting parity of the Technogym shares at the date of execution of the delegated powers by allotment of a corresponding amount of earnings and/or retained earnings resulting from the last financial statements approved in accordance with Article 2349 of the Italian Civil Code, for whose resolution the extraordinary general shareholders' meeting of May 8, 2018 shall be requested to confer appropriate delegated powers to the Board of Directors in accordance with Article 2443 of the Italian Civil Code.

The proposed capital increase under Article 2349 of the Italian Civil Code in the service of the Plan, together with the description of its terms and conditions, are illustrated by a dedicated illustrative report prepared in accordance with Article 72 and with Annex 3A, of the Issuers' Regulations, made available to the public according to the terms and procedures prescribed by the applicable laws and regulations. This proposal shall be submitted to the review and approval of the extraordinary Shareholders' Meeting of the Company.

3.5 Role played by each director in determining the characteristics of the aforementioned plans; occurrence of conflict-of-interest situations involving the directors concerned.

The characteristics of the Plan to be submitted for approval to the Shareholders' Meeting of the Company pursuant to art. 114-bis of the TUF, were determined at a meeting of the Board of Directors, with the proactive support and advice of the Appointments and Remuneration Committee and complying with the conclusions reached by the same Committee, as recommended by the Corporate Governance Code and in line with the best corporate practices on the matter.

3.6 For the purposes of the requirements of art. 84-bis, paragraph 1, the date of the decision taken by the body in charge of proposing the approval of the plans to the Shareholders' Meeting and the proposal of the Remuneration Committee, if any.

The Appointments and Remuneration Committee, at the meeting of March 15, 2018, examined the Plan and resolved to submit it to the approval of the Board of Directors.

On March 28, 2018, the Board of Directors, upon proposal of the Appointments and Remuneration Committee, resolved to approve the Plan proposal and to submit the same to the approval of the Shareholders' Meeting.

3.7 For the purposes of the requirements of art. 84-*bis*, paragraph 5, letter a) the date of the decision taken by the body in charge of the allocation of instruments and any proposal to the aforementioned body made by the remuneration committee, if any.

For the purposes of art. 84-*bis*, paragraph 5, letter a), of the Issuers' Regulations, the decision on the award of the Right to Receive Shares is expected to be made by the Board of Directors, also in more than one sitting, then by the Ordinary Shareholders' Meeting called to approve the Plan, upon proposal of the Appointments and Remuneration Committee, it being understood that this award must take place by and no later than 12 months from the Approval Date.

At the end of the Vesting Period, the Board of Directors will calculate the number of Shares that will be actually allotted to each Beneficiary under the terms and conditions of the Regulations using the formula referred to in paragraph 2.2.

The decisions that will be made by the Board of Directors to implement the Plan will be disclosed to the public pursuant to art. 84-*bis*, paragraph 5, letter a) of the Issuers' Regulations.

3.8 The market price, recorded at the aforesaid dates, of the financial instruments on which the plans are based, if traded on regulated markets.

At March 28, 2018, when the Board of Directors met to approve the Plan to submit to the Shareholders' Meeting called for May 8, 2018, the Stock Exchange Price of Technogym ordinary shares was Euro 8.8150.

In the event that the Shareholders' Meeting approves the Plan, the price of Technogym ordinary shares at the Award Date of the Right to receive Shares will be communicated in the manners and terms indicated in art. 84-*bis*, paragraph 5, letter a), of the Issuers' Regulations.

3.9 In the case of plans based on financial instruments traded on regulated markets, under what terms and in what ways the issuer takes account, in determining the timing of the allocation of instruments to implement the plans, of the possible coincidence of: (i) said assignment or any decisions made by the remuneration committee on the matter and (ii) the dissemination of information considered relevant pursuant to art. 114, paragraph 1; e.g. in the event that such information: a. has not already been publicly disclosed and is not fit for positively affecting market prices, or, b. has already been published and is fit for adversely affecting market prices.

The Shares will be allotted only at the end of the Vesting Period and subject to the use and verification of the vesting conditions referred to in paragraph 2.2 by and no later than the 60th calendar day after the approval of the Group's IFRS consolidated financial statements for the last year of the Vesting Period, i.e. December 31, 2020. Consequently, any disclosure of inside information at the time of the award of the Right to receive Shares would not explain appreciable effects on the Plan by the behavior of the Beneficiaries that, at that moment, cannot perform any operation on the Shares, being the delivery of the

same deferred to a later time than the assignment of the same Right.

The procedure for identifying the Beneficiaries and the Basic Number of Shares as well as the delivery of the Shares will take place, in any case, in full compliance with the disclosure requirements imposed on the Company, in order to ensure transparency and equality of information to the market and in compliance with the procedures adopted by the Company.

Beneficiaries are required to observe the legal regulations governing insider trading, as well as Group internal procedures, in particular those regulating the disposal of the Shares which might be assigned after verifying the Performance Objectives and other conditions for the Allotment.

4. CHARACTERISTICS OF THE INSTRUMENTS ALLOTTED

4.1 Description of the structure of the remuneration plans based on financial instruments.

The Plan provides for the free award of the Right to receive Shares to the Beneficiaries, it being understood that the maximum number of Shares that may be allotted under the Plan is 600,000 (i.e. 0.3% of the share capital), to be delivered in dematerialized form, subject to the satisfaction of the vesting conditions specified in paragraph 2.2., by the 60th calendar day after the approval of the IFRS consolidated financial statements for the last year of the Vesting Period, i.e. December 31, 2020.

4.2 Indication of the period of the actual implementation of the plan also with reference to any different cycles envisaged.

The identification of the Beneficiaries and the Award of the Right to receive Shares will be made by the Board of Directors, upon proposal of the Appointments and Remuneration Committee, also in more than one tranche, provided that such an Award may not take place once 12 months elapse from the Approval Date of the Regulations.

In line with the provisions of the Corporate Governance Code, the Plan provides for a three-year Vesting Period starting from the Award Date. At the end of the Vesting Period, the Board of Directors will verify the existence of the conditions set out in paragraph 2.2, thus establishing the number of Shares to be allotted to each Beneficiary. The Allotment of the Shares will take place within the 60th calendar day following the approval of the IFRS consolidated financial statements relating to the last year of the Vesting Period, i.e. December 31, 2020.

4.3 End of the Plan.

The first identification of the Beneficiaries and the Award to the same of the Right to receive Shares with the indication of the Basic Number of Shares is expected to occur in 2018. The Performance Objectives will be verified by reference to the 2018-2020 three-year period and Shares will be allotted within the 60th calendar day following the approval of the IFRS consolidated financial statements for the last year of the Vesting Period, i.e. December 31, 2020.

4.4 Maximum number of financial instruments, including options, allotted in each tax year to parties identified by name or specified categories.

The maximum number of Shares that can be allotted to the Beneficiaries under the Plan is 600,000 (six hundred thousand). The Plan does not provide for a maximum number of Shares to be allotted in each tax year.

4.5 Implementation terms and clauses of the plan, specifying whether the allotment of the instruments is subject to a number of conditions occurring or the achievement of specific results, including performance objectives; descriptions of such conditions and results.

As regards the implementation terms and clauses of the Plan, please refer to the provisions contained in each paragraph of this Information Document. In particular, on the Award Date of the Right, the Board of Directors, upon proposal of the Chairman of the Board and after hearing the Appointments and Remuneration Committee, will identify the Beneficiaries giving each the Right to receive Shares and identifying for each Beneficiary the Basic Number of Shares, i.e. the number of Shares to which the Beneficiary shall be entitled in the event of reaching 100% of the Performance Objectives under the terms and conditions provided in the Regulations using the criteria described in paragraph 2.3 above.

The Award of the Right to receive Shares to the Beneficiaries is free, and is not subject to achieving performance objectives nor is it correlated to other key variables. Each Beneficiary may be allotted Shares free of charge provided that the Performance Objectives specified in paragraph 2.2 above are achieved.

4.6 Indication of possible restrictions on the availability of the instruments allotted or the instruments resulting from the exercise of the options, especially by reference to the dates by which the subsequent transfer to the same company or third parties is allowed or forbidden.

The Shares delivered to each Beneficiary at the end of the Vesting Period will be subject to a lock-up period of 6 (six) months from the date of delivery of the Shares allotted to the Beneficiary.

There is however no prejudice to the disposals carried out in compliance with legal or regulatory requirements or linked to a public purchase offer or exchange offer pursuant to the TUF as well as transactions involving the transfer of 45% of any Shares allotted to each Beneficiary in order to obtain the funds needed to fulfil tax and/or social contribution obligations according to the modalities and terms that will be provided by the Regulations.

4.7 Description of any termination clause related to the allocation of the plans if the beneficiaries enter into hedging transactions that allow them to circumvent any prohibition to sell the financial instruments received, including options, or the financial instruments obtained by exercising these options.

This is not applicable as no termination clauses are envisaged in the event that the Beneficiary enters into hedging transactions.

4.8 Description of the effects caused by the termination of the employment relationship.

As the right to receive Shares is genetically and functionally linked to the continuation of the Relationship between the Beneficiaries and the Company or its Subsidiaries until the Award Date, in the event of termination of the employment relationship, the following provisions will apply, unless differently decided by the Board of Directors, after hearing the Appointments and Remuneration Committee, in favor of the Beneficiaries.

Should the employment relationship terminate, in the case of a good leaver, the Beneficiary (or the heirs who submitted an inheritance declaration and fulfilled their tax obligations) will retain the right to obtain the delivery of the Shares from the Company, subject to compliance with the obligations, terms and conditions set out in the Regulations. A good leaver case is one where the employment relationship

terminated due to death, absolute prevention from performing one's duties for a continuous period of six months, or nine months even if not continuous in a calendar year, as well as the permanent disability of the Beneficiary preventing the relationship from continuing, where the termination of the Relationship has occurred between the end of the Vesting Period and the Allotment Date of the Shares (including the latter date).

In the event of termination of the Relationship in the case of a bad leaver, the Beneficiary will definitely lose the Right to Receive Shares. A bad leaver case occurs where the Employment Relationship terminates for reasons other than those of a good leaver case as well as cases where, following a change in the Relationship, the Beneficiary, for whatever reason, no longer holds one of the Positions.

4.9 Indication of any other plan cancellation causes.

Except as noted in other paragraphs of this Information Document, there are no other plan cancellation causes.

4.10 Reasons for foreseeing a "redemption", from the company, of the financial instruments covered by the plans, pursuant to art. 2357 and ff. of the Italian Civil Code; beneficiaries of redemption, indicating whether the same is intended only for specific categories of employees; effects of termination of the employment relationship on said redemption.

No redemption mechanisms are envisaged for the Shares that are freely allotted under the Plan.

4.11 Possible loans and other subsidies that may be granted to allow for the purchase of the shares pursuant to art. 2358 of the Italian Civil Code.

Neither loans nor subsidies are envisaged to allow for the purchase of the Shares as they are allotted for free.

4.12 Indication of estimates of the expected liability for the Company at the Allotment Date, as determined on the basis of terms and conditions already defined, for the overall amount and each instrument in the plan.

On the date of this Information Document there are not sufficient elements to provide reliable estimates of the expected liability for the Company, it being subject to a number of unforeseeable factors.

The information on the total cost of the Plan will be provided in accordance with the methods prescribed in art. 84-*bis*, paragraph 5, letter a) of the Issuers' Regulations.

4.13 Indication of possible diluting effects of the remuneration schemes on the share capital.

Since the Board of Directors, upon allotting the Shares following the vesting of the Right to receive Shares under the terms and conditions of the Plan, can choose whether to use treasury shares or shares resulting from the Share Capital Increase, it is not possible to predict any capital dilution effects caused by the Plan.

If, subject to achieving and exceeding the Performance Objectives, a max. number of 600,000 (six hundred thousand) ordinary shares is allotted under the Plan and, assuming that all of the Shares to be allotted under the Rights to receive Shares assigned derive from the Share Capital Increase, these Shares will represent 0.3% of the entire share capital.

4.14 Possible restrictions on the exercise of voting rights and on the assignment of property rights.

There is no prescribed limit for the exercise of voting rights or the assignment of the property rights attached to the Shares actually delivered to the Beneficiaries.

Until the Shares are actually delivered, no Beneficiary can be considered as a Shareholder of the Company, under whatever title.

4.15 If the shares are not traded on regulated markets, any information deemed useful to properly assess the value attributable to them.

This is not applicable as the Shares are listed on the MTA.

4.16 - 4.23

These are not applicable.

TABLE
